DAYS 2018

SCHEMA ST4 is a standardised XML-based software application supporting the creation, management and publication of your multilingual product information.

SCHEMA's editing and content management solutions offer wide-ranging functionality and are used in many areas and branches of industry, from the creation of marketing material, product catalogs, technical documentation for engineering and electronics to the creation of packaging and package inserts in the life sciences industry and context-sensitive online help for software.

We will provide you with access to our ST4 test server so you can try out our software with all its features. All you have to do is participate in one of our ST4 Active Days, during which you will learn all about the basic functionality of ST4.

The ST4 Active Days take place at SCHEMA Group in Nuremberg and are held by an experienced trainer.

Dates: 16.02.2018
22.06.2018
23.11.2018

Time: 9:00 a.m. – 5:00 p.m.

Price: EUR 300 per participant plus VAT
